## How does it work?

### Step 1

#### Indication of the pathology

The doctor shares with their patient a letter summarizing their health issue. The patient creates an account on [www.deuxiemeavis.fr](http://www.deuxiemeavis.fr) and initiates their request for an opinion.

### Step 2

#### Online entry of the medical file

The patient completes their request by filling a medical questionnaire and uploading their complete medical file (medical exams, letter summarizing their health issue, etc).

### Step 3

#### Reception of the referring doctor's opinion

The patient receives the doctor's opinion within 7 days.
