

MILVUE NEW TECH NEW CARE

OUR AI DOES
NOT REPLACE
RADIOLOGISTS,
IT MAKES THEM
IRREPLACEABLE.

DISCOVER OUR AI SOLUTIONS AT THE SERVICE OF MEDICAL IMAGING

We respond to new challenges in medical imaging by creating dedicated AI solutions integrated into radiologists' daily routine. Based on a focused use of Deep Learning, we help radiologists make faster diagnoses, better manage patients' workflows and focus even more efficiently on patients.

OUR TECH CARE SOLUTIONS

TechCare Alert, TechCare Bones, TechCare Kids...

Discover our medical imaging solutions tailored to the needs of your patients, always more collaborative and scalable.

MY TECH CARE YOUR TAILOR-MADE SOLUTION

Do you have specific needs? The choice is yours! Use our functionalities to create your own 100% customized solution.

"This impressive AI solution accurately identifies fractures and several chest X-ray findings, particularly the minor tricky ones, which helps improve our team's confidence in making decisions."

DR BASSEM MARGHANY
INTERNATIONAL RADIOLOGY CENTER
SHARJAH, UAE
