

# MOBILE UNIT DENTAL OFFICE

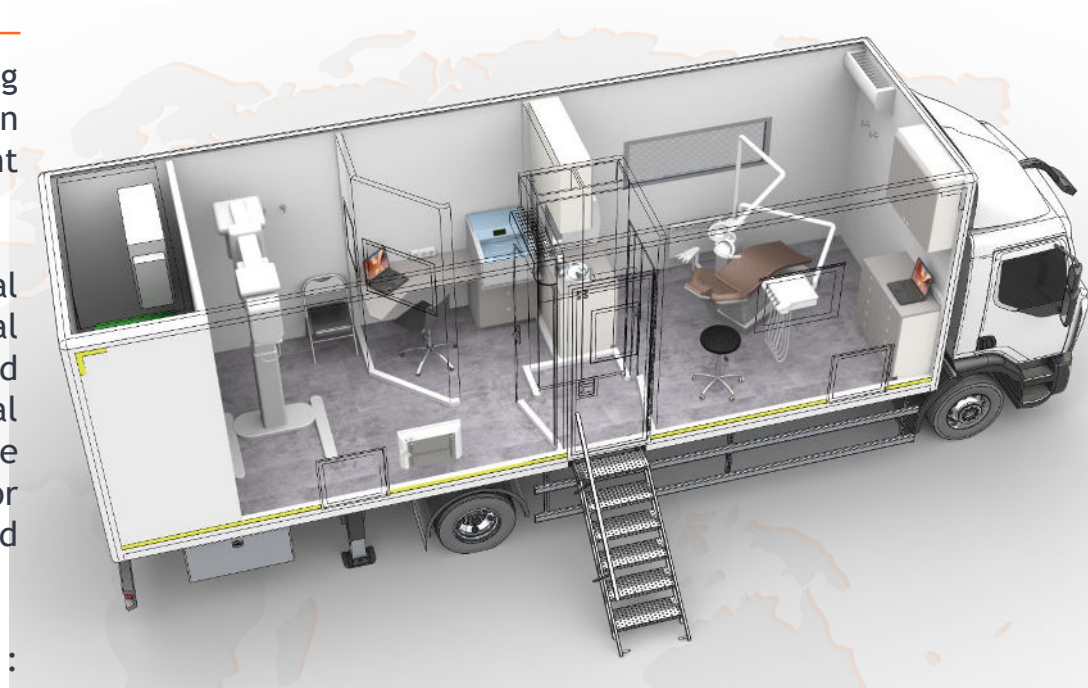

20-00239

## Your mobile dental office

This mobile dental unit allows the most demanding professionals to practice their medical specialties in an ergonomic and comfortable working environment regardless of the climatic conditions.

It consists of several spacious rooms for comfort of medical staff and patients. An entrance gives access to a dental cabinet thus an operator area with a leaded partition and window in a leaded X-ray room for panoramic dental pictures. A technical area completes this unit. It can be connected to a completely autonomous power generator set that remains operational for several days for isolated populations in rural areas far from urban structures.

This mobile solution can be offered in different designs : container, straight truck and semi-trailer.
