

MOBILE UNIT OPHTHALMOLOGY

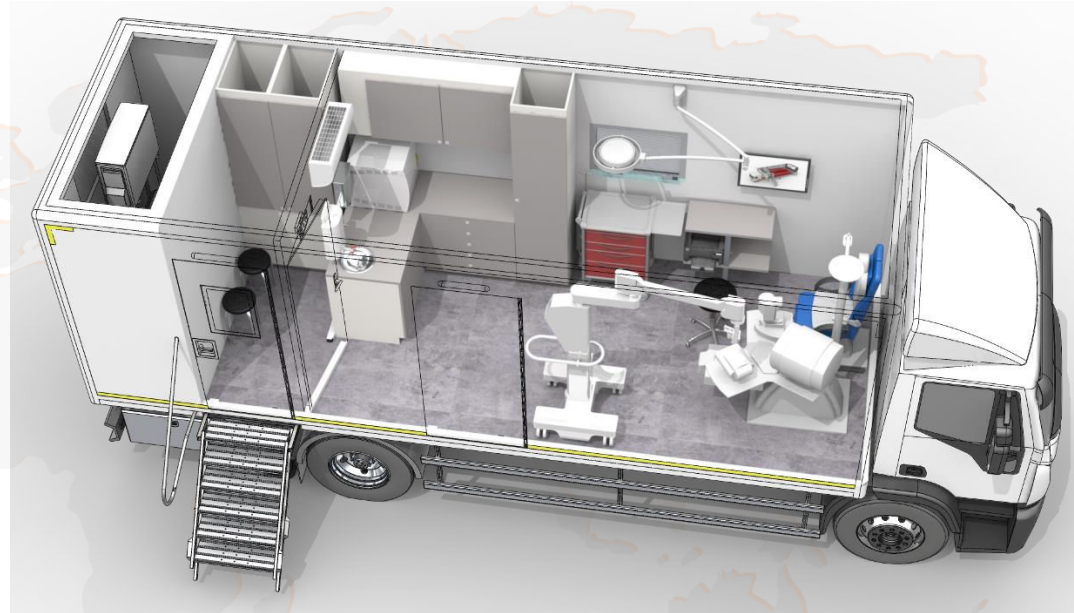

65390 

Your mobile ophthalmology office

This compact mobile ophthalmology unit allows the most demanding professionals to practice their medical specialties in an ergonomic and comfortable working environment regardless of the climatic conditions.

It is composed of a waiting room and a large examination room allowing to accommodate in optimal conditions all the practitioner's equipment. This unit is equipped with a power generator for complete autonomy allowing it to remain operational for several days for isolated populations in rural areas far from hospital facilities.

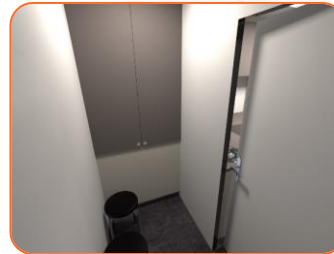

This mobile solution can be offered in different designs : container, straight truck and semi-trailer.
