

kitett®

FISIO breast pump

with automatic and adjustable suction cycle

FISIO gives mother the natural feel of breastfeeding by faithfully and smoothly reproducing the action of a breastfeeding baby.

EASY TO USE

- A single adjustment control
- Adjustable suction cycle synchronized with suction strength
- Gentle stimulation and expression phases - according to the physiology of breastfeeding

EASY TO MAINTAIN

- Reliable and robust
- Easy to assemble and clean

OPTIMUM COMFORT

- Customizing settings
- Used with the KOLOR® KIT EXPRESSION, single or dual pumping

DUAL PUMPING

- Time saving
- A significant increase in the prolactin rate: increased lactation

Extend breastfeeding with serenity

CE 0459

A single control for adjustment

kitett®
