

## UN Approved Combination Packaging

### → Approved cardboard boxes

Combination packaging is approved for the transfer of dangerous and/or regulated goods by air, road and sea. It provides safe shipment of liquid or solid products of all classes in accordance with current regulations (IATA, ADR, IMDG, RID) (except 6.2 and 7 – please contact us for further information).

### 4G and 4GV approved boxes

We have a complete range of 4GV approved cardboard packaging which is, by definition, suitable for all groups of hazardous products.

They can be combined with an isothermal PU barrier for shipping hazardous materials at controlled temperatures.

Our design office can look at which approval type meets your specific needs.

### Technical Characteristics

- Assemble in 2 minutes
- Complies with current regulations (IATA, IMDG, RID and ADR).
- All references are 4GV approved, allowing the use of all types of inner containers or solid objects.
- Must be used with an absorbent (i.e. vermiculite).
- Comes with a bag.
- Vermiculite option in dust-proof bags.

Reference	Int. dimensions (mm)	Maximum gross mass	
		Packaged cardboard	Inner packaging
3CAH000958	140x140x250	3,1 KG	2,33 KG
3CAH000969	200x200x300	7,6 KG	6 KG
3CAH000961	300x200x200	11,5 KG	6,5 KG
3CAH000974	300x300x200	12 KG	9 KG
3CAH000977	300x300x300	18 KG	15 KG
3CAH000945	400x300x300	24 KG	21 KG
3CAH000948	400x300x400	23,5 KG	20,5 KG
3CAH000984	500x360x310	34 KG	26 KG

Référence	Int. dimensions (mm)	Maximum gross mass	
		Packaged cardboard	Inner packaging
3CAH000981	400x400x400	40 KG	31 KG
3CAH000987	600x400x400	61 KG	47,5 KG
3CAH000955	1000x400x400	68 KG	46 KG
3CAH000942	855x670x430	151 KG	123 KG
3CAH000951	950x740x550	238 KG	194 KG
3CAH000963	1170x770x540	293 KG	237 KG
3CAH000954	1170x770x740	390 KG	315 KG
3CAH1177	1170x770x740	253 KG	174 KG

## → Storage and Packaging of your Hazardous Products

### A Comprehensive Service

- Warehouse dedicated to the storage of hazardous products located 5 km from Charles de Gaulle airport (Paris).
- Automatic entry-exit system with secure connection
- Completion of administrative requirements (DGD)

### A Competent Team

- A team trained in the storage and packaging of hazardous products.
- An emergency aeronautical service (on call 24 hours a day, 7 days a week)
